L9 & V9

Basic Essential for All

L9 & V9

L9 is a streamlining platform for intelligent security system, permitting all around 24/7 protection to your family. It embedded the tone feedback, call in/out functions, and home automation control under single coherent system.

V9 is enhanced with state of art voice feedback to ensure you and your loved one in total comfort and safety. With V9 series, there is no more beeps, buzzes, and multiple tones to remember. The innovative voice notification will report on the status of each zone.

Auto Arm / Disarm Timers

Permitting the arm / disarm function at the preset time

Monitoring of Telephony Line (with GSM)*

Provide the warning upon the telephony line is being tampered

CMS Reporting (Contact ID)*
