PRO 4

Experience the difference.

Introducing PRO 4

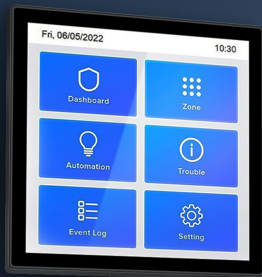

Experience the Difference.

Bluguard PRO 4 Touch Keypad is the new and improved alarm system with 4-inch TFT LCD display that provides a comfortable user experience. By installing it in the wall box, user can control and monitor alarm and home automation system through the touch screen user interface. It also enables user to check or change programming settings easily.

Seamless Touch.

Bluguard PRO 4 Touch Keypad is a seamless and capacitive touch screen panel with 4-inch TFT LCD display to provide you a comfortable user experience. The things you do every day with PRO 4 will feel phenomenally smooth.

Brightest in the dark.

Bluguard Pro 4 Touch Keypad will always be there for you, even in pitch black. It's full 4-inch TFT LCD display will always be visible and clear to you on bright day and even in the pitch black.

Stylish Display.

User can control and monitor alarm and home automation system through the 4-inch LCD touch screen easily and smoothly as the display so responsive, every interaction with the new Bluguard PRO 4 feels like new again.

Small in size. Mighty with features.
