Mobile App Control
Total control at your fingertips with a user friendly app

Long Lasting Security
Fully battery-operated, keep your home protected even when power failure

User Friendly Devices
Simple setup and user-friendly setup

Expandable Smart Security System

Add accessories anytime to match your home's needs.

Home Security Hub

The "brain" of your system that connects all devices and sends instant alerts to your smartphone.

Door/Window Sensor

Detects when doors or windows are opened, instantly triggering an alarm to stop intruders at the entry point.

Outdoor Siren

A weatherproof, high-decibel deterrent with a bright LED strobe to alert the neighborhood during an emergency.

Indoor Siren

Emits a powerful, high-frequency sound to immediately alert everyone inside the home if a threat is detected.

Keypad

A sleek, user-friendly interface for manual control of your smart devices.

Keyfob

A compact remote that lets you arm or disarm your system with a single click as you enter or leave your home.

Motion Sensor

Uses advanced infrared technology to detect movement in large areas like living rooms or hallways.

Panic Button

Provides an instant SOS signal for emergency situations, sending an immediate alert to designated contacts.

Smoke Detector

Provides early fire detection by sensing smoke and triggering a system-wide alarm to keep your family safe.

Water Leak Sensor

Detects moisture and leaks in flood-prone areas like kitchens or basements to prevent costly water damage.
